Report of Independent Auditor

To the Board of Directors
CentroNía, Inc. and Subsidiary
Washington, D.C.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of CentroNía, Inc. and Subsidiary, (collectively, “CentroNía”), which comprise the consolidated statements of financial position as of June 30, 2021 and 2020, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management’s Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of CentroNía as of June 30, 2021 and 2020 and the changes in its net assets, its functional expenses, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2022, on our consideration of CentroNía's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of CentroNía's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering CentroNía's internal control over financial reporting and compliance.

A handwritten signature in cursive script that reads "Cherry Baekaert LLP".

CENTRONÍA, INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 1—Organization and nature of operations

CentroNía, Inc. (“CentroNía”) was formally incorporated as a nonprofit organization in June 1991. The primary purpose of CentroNía is to promote the physical, social, emotional, cognitive, and cultural growth and development of children in a bilingual environment. CentroNía’s programs include child development and childcare programs, before and after school care, summer camp, academic support, arts enrichment, and family support services. CentroNía receives the majority of its support and revenue from the federal and District of Columbia governments, contributions and grants from private foundations.

Note 2—Summary of significant accounting policies

Basis of Accounting and Presentation – The consolidated financial statements of CentroNía have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

CentroNía reports information regarding its financial position and activities into two net asset categories based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of CentroNía and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of CentroNía. These net assets may be used at the discretion of CentroNía and the Board of Directors.

Net Assets With Donor Restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of CentroNía or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. CentroNía did not have any net assets held in perpetuity as of June 30, 2021 and 2020.

Donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the consolidated statements of activities.

Principles of Consolidation – The accompanying consolidated financial statements include the accounts of NíaCentral LLC, in which CentroNía has a 100% controlling financial interest. NíaCentral LLC was established on May 5, 2017. During 2021 and 2020, there were no transactions or activity; therefore, there was no consolidation to be performed.

Cash – CentroNía considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. CentroNía places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation covers \$250,000 for substantially all depository accounts. CentroNía from time to time may have amounts on deposit in excess of insured limits. As of June 30, 2021 and 2020, CentroNía had \$1,494,137 and \$3,018,017, respectively, which exceeded these amounts.

CENTRONÍA, INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Investments – CentroNía has adopted the Investments-Debt and Equity Securities for Not-for-Profit Entities Topic of the Financial Accounting Standards Board (“FASB”) accounting standards codification (“ASC”). Under this topic, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the consolidated statements of financial position. Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends) is included in the consolidated statements of activities as increases or decreases in net assets without donor restrictions unless the income or loss is restricted by donor or law. Realized gains on securities sold during the year and held at the beginning of the year are recognized to the extent sales proceeds exceed the security's fair market value at the beginning of the year. Donated securities are recorded at their fair value on the date of donation.

Fair Value Measurements – CentroNía adopted the provisions of the Fair Value Measurements and Disclosure Topic (“Fair Value Topic”) of the FASB ASC as its valuation methodology. The Fair Value Topic provides the framework for measuring fair value of assets and liabilities. The Fair Value topic defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability. It also establishes a hierarchy to help maximize the use of observable inputs when measuring fair values. These measurements are then classified by how observable or unobservable the inputs used to reach fair value are. The three levels of the fair value hierarchy are:

Level 1 – Inputs to the valuation methodology are quoted prices available in actively traded markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are quoted prices outside of the active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates or assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of CentroNía's valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Equities, Mutual Funds, and Fixed Income – These investments are based on quoted prices in active markets and classified within Level 1 of the valuation hierarchy.

Cash – Cash is recorded at cost which approximates market, and is classified within Level 1 of the valuation hierarchy.

Fair Value of Financial Instruments – The carrying amount of cash and cash equivalents, grants, contracts and accounts receivable, and accounts payable approximate fair value due to the short maturity of these financial instruments.

CENTRONÍA, INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Grants and Contracts Receivable/Accounts Receivable – Grants and contracts receivable/accounts receivable balances are recorded at net realizable value and approximate fair value. It is CentroNía’s policy to write off uncollectible amounts when management determines such balances to be uncollectible. For the years ended June 30, 2021 and 2020, these amounts were \$19,705 and \$17,172, respectively.

Property and Equipment – Equipment is recorded at cost when purchased or its estimated value at the date of donation. Depreciation is computed on a straight-line basis over the useful lives of the related assets, generally five years. CentroNía capitalizes assets purchased at a cost greater than \$1,000.

Contributions Receivable – Unconditional promises to give are recorded as receivables and revenue when received, and allowances are provided for amounts estimated to be uncollectible. Unconditional promises to give due in the next year are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value, using risk-free interest rates applicable to the years in which the promises are to be received.

CentroNía records an allowance for uncollectible pledges as a reduction in contribution revenue. Write-offs of specific pledges are recorded against the reserve and are included in bad debt losses on the accompanying consolidated statement of activities. At June 30, 2021 and 2020, there was no allowance for uncollectible pledges.

Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return or right of release, are not recognized until the conditions on which they depend have been substantially met.

Private Grants and Contributions – All grants and contributions are considered to be available without donor restrictions unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as support with donor restrictions that increases that net asset class. When a restriction that is temporary in nature expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

In-Kind Contributions – Contributions of noncash assets, specifically donated services which create or enhance nonfinancial assets or require specialized skills provided by individuals possessing those skills and typically need to be purchased if not provided by donation are recorded at fair value in the period provided. Donated services for the years ended June 30, 2021 and 2020 were \$183,461 and \$88,296, respectively, for legal and other professional services, donated rent, and other donated noncash items, such as baby formula and diapers. See Note 9 for further information on donated rent.

Government Grants and Contract Revenue – CentroNía receives funding under grants and contracts from the federal government, the District of Columbia and state of Maryland agencies for direct and indirect program costs. This funding is subject to contractual restrictions, which must be met through incurring qualifying expenses for particular programs. Accordingly, based on the guidance of Accounting Standards Update (“ASU”) 2018-08, *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*, (“ASU 2018-08”), CentroNía’s government grants and contracts are nonreciprocal transactions which fall under the guidance of ASC 958. The government grants have limited discretion inherent in the requirements of federal cost principles and are restricted for the purpose of the grant. As such, government grants are considered conditional until the point in time when expenses related to the purpose of the project are incurred.

CENTRONÍA, INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Program Services Revenue – As of July 1, 2020, CentroNía implemented FASB ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)* (“ASU 2014-09”) and its related amendments. ASU 2014-09 establishes principles for recognizing revenue upon the transfer of promised goods or services to customers, in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. There was no material impact to the consolidated financial statements as a result of the adoption. The ASU has been applied retrospectively to all periods presented, with no effect on change in net assets, total net assets, or previously issued consolidated financial statements. CentroNía’s streams of program services revenue are as follows:

Parent Fees – CentroNía recognizes revenue from parent fees based on enrollment contracts with students within the fiscal year in which academic services are rendered, on a per-week basis over the course of the academic year.

Catering Service Fees – Catering service fees correspond to the catering services for breakfast, lunch, and snack that CentroNía provides to other educational centers in the Washington, D.C. metro area. CentroNía recognizes revenue from catering service fees based on the agreement in place with the customer. The catering agreement specifies the customer, the period in which the services are to be provided, and the catering rate applicable. The amount of catering service fees revenue is calculated based on the catering rate per the agreement and the number of hours the services are to be performed for based on the agreement. Once the catering services have been provided, CentroNía will then recognize the appropriate revenue based on that calculation.

Functional Allocation of Expenses – The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Operating expenses directly identifiable with a functional area are charged to that area and, where expenses affect more than one area, they are allocated on the basis of time and effort derived from payroll expenditures. The expenses that were allocated include professional fees (such as audit and payroll) utilities (such as telephone and internet), insurance fees, interest fees, and bank fees.

Income Taxes – CentroNía is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (“IRC”) for all activities related to its exempt purposes. CentroNía is classified by the Internal Revenue Service (“IRS”) as a public charity under Section 509(a) (2) of the IRC.

CentroNía is subject to audit by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

Management has evaluated the effect of the guidance provided by U.S. GAAP on Accounting for Uncertainty in Income Taxes. Management believes that CentroNía continues to satisfy the requirements of a tax-exempt organization at June 30, 2021. Management has evaluated all other tax positions that could have a significant effect on the consolidated financial statements and determined that CentroNía had no uncertain income tax positions at June 30, 2021 and 2020.

Use of Estimates – The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

CENTRONÍA, INC. AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Future Pronouncements – In February 2016, FASB issued ASU 2016-02, *Leases*. ASU 2016-02 is intended to improve financial reporting about leasing transactions. The ASU will require organizations that lease assets to recognize assets and liabilities on the statement of financial position for the rights and obligations created by those leases. The standard will be effective for the fiscal years beginning after December 15, 2021. CentroNía is currently in the process of evaluating the impact of the adoption of this future accounting pronouncement on the consolidated financial statements.

In September 2020, FASB issued ASU 2020-07, *Not-for-Profit Entities (Topic 958) - Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The amendments in this ASU are intended to improve financial reporting by providing new presentation and disclosure requirements about contributed nonfinancial assets, including additional disclosure requirements for recognized contributed services. The standard will be effective for the fiscal years beginning after June 15, 2021. CentroNía is currently in the process of evaluating the impact of the adoption of this future accounting pronouncement on the consolidated financial statements.

Note 3—Liquidity and availability of resources

The table below represents financial assets available for general expenditures within one year at June 30:

	<u>2021</u>	<u>2020</u>
Financial assets at year-end:		
Cash	\$ 1,934,105	\$ 3,597,507
Investments	13,713,215	11,577,061
Grants and contracts receivable	1,345,706	975,302
Contributions receivable	-	200,000
Accounts receivable	135,581	116,833
Total financial assets	<u>17,128,607</u>	<u>16,466,703</u>
Less amounts not available to be used for general expenditures within one year:		
Restricted by donor with purpose restrictions	<u>1,064,209</u>	<u>1,670,729</u>
Financial assets not available to be used within one year	<u>1,064,209</u>	<u>1,670,729</u>
Financial assets available to meet general expenditures within one year	<u>\$ 16,064,398</u>	<u>\$ 14,795,974</u>

CentroNía regularly monitors liquidity to meet its operating needs and other contractual commitments, while striving to maximize the investment of and return on available funds. CentroNía has various sources of liquidity at its disposal, including cash, investments, receivables, and lines of credit. For purpose of analyzing resources available to meet general expenditures over a 12-month period, CentroNía considers all expenditures related to its ongoing activities of education and student services as well as the conduct of services undertaken to support those activities to be general expenditures.

CentroNía has donor-restricted resources which are limited in their use for specific purposes. Accordingly, these assets are shown as a reduction to financial assets available to meet general expenditures within one year. These assets limited to use, are more fully described in Note 7.

JUNE 30, 2021 AND 2020

Note 5—Property and equipment

Property and equipment consisted of the following at June 30:

	2021	2020
Leasehold improvements	\$ 570,279	\$ 577,201
Computers and equipment	445,628	445,628
Vehicles	145,138	145,138
Total	1,161,045	1,167,967
Less accumulated depreciation	(999,064)	(951,679)
Property and equipment, net	<u>\$ 161,981</u>	<u>\$ 216,288</u>

Depreciation and amortization expense for the years ended June 30, 2021 and 2020 was \$47,384 and \$71,741, respectively.

Note 6—Loan payable and lines of credit

Loan Payable to Department of Housing and Community Development – CentroNía obtained a 3% deferred interest construction loan in 1999 from the District of Columbia Department of Housing and Community Development (“DHCD”) to finance the renovation of its headquarters building. In March 2016, the building was sold. CentroNía has drawn \$1,898,472 out of the \$1,900,000 that was available. The loan would have matured in February 2031; however, the related remaining debt due to DHCD has been reclassified to current liabilities pursuant to the loan covenants stipulating that DHCD may demand payment in full anytime subsequent to the sale of the building. Deferred interest accrued on the loan from the occupancy date of 2002 through June 30, 2021 and 2020 amounts to \$1,139,082, and \$1,082,128, respectively, and has been included in the loan payable balance. Extinguishment of this debt is at the discretion of the District of Columbia. CentroNía has been actively negotiating with the DHCD and the District of Columbia Government to convert this loan into a forgivable government grant; however, no conclusion has yet been determined. See Note 13 for correspondence received from the DHCD subsequent to year-end.

Lines of Credit – CentroNía has established three lines of credit with three separate financial institutions; United Bank, Morgan Stanley, and PNC. Total availability under the lines of credit amount to \$5,000,000. Interest rates ranged from the Daily LIBOR plus 1.25% to the Daily LIBOR plus 2.5% (0.09% and 1.43% at June 30, 2021 and 2020, respectively).

CENTRONÍA, INC. AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 6—Loan payable and line of credit (continued)

The United Bank line of credit has a maturity date of February 28, 2022 and had an outstanding balance of \$3,524,783 and \$2,511,980, as of June 30, 2021 and 2020, respectively. In August 2020, the Morgan Stanley line of credit was paid off with proceeds from the sale of investments under their custody, and the remaining investment assets transferred to the United Bank brokerage account. The Morgan Stanley line of credit had an outstanding balance of \$-0- and \$1,006,436 as June 30, 2021 and 2020, respectively. The PNC line of credit has a maturity date of March 31, 2022 and did not have an outstanding balance as of June 30, 2021 and 2020, respectively.

The lines of credit with United Bank, Morgan Stanley and PNC are all collateralized by the investment accounts in such entities. There are no financial statement covenants required by the lines of credit.

Note 7—Net assets with donor restrictions

Net assets with donor restrictions consisted of the following at June 30:

	<u>2021</u>	<u>2020</u>
Subject to purpose restrictions:		
Gudelsky Child Development Center MOU	\$ 1,014,175	\$ 1,670,729
Workforce Developmet Collaboration	36,034	-
Healthy Business Initiative	14,000	-
Total subject to purpose restrictions	<u>\$ 1,064,209</u>	<u>\$ 1,670,729</u>

Net assets with donor restrictions were released for the following programs at June 30:

	<u>2021</u>	<u>2020</u>
Satisfaction of purpose restrictions:		
Gudelsky Child Development Center MOU	\$ 656,942	\$ 704,039
Workforce Development Collaboration	63,966	-
Healthy Business Initiative	16,000	-
Family Book Club - Nora Roberts	-	250
Total satisfaction of purpose restrictions	<u>\$ 736,908</u>	<u>\$ 704,289</u>

Note 8—Rental income

CentroNía subleases several portions of the building at the Columbia Road location under various agreements that terminate through 2034.

Rental income for the years ended June 30, 2021 and 2020 totaled \$1,113,685 and \$847,063, respectively.

CENTRONÍA, INC. AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 8—Rental income (continued)

Future minimum lease rental receipts under these sublease arrangements are as follows:

Years Ending June 30,

2022	\$ 1,008,213
2023	634,761
2024	73,252
2025	75,804
2026 and thereafter	<u>231,809</u>
	<u>\$ 2,023,839</u>

Note 9—Lease commitments

CentroNía had one noncancelable lease agreement for educational facilities that expired in January 2022. Subsequent to year-end, this lease was renewed. See Note 13 for further information. CentroNía has two noncancelable lease agreements for educational facilities that will expire between March 2026 and June 2027.

Total rent expense for the years ended June 30, 2021 and 2020 was \$2,637,254 and \$2,570,778, respectively, including property taxes and applicable operating expenses. Total rent donated as in-kind revenue totaled \$23,881 and \$11,593 for the years ended June 30, 2021 and 2020, respectively and is included within rent expense in the consolidated statements of functional expenses.

The following schedule summarizes the future minimum lease payments:

Years Ending June 30,

2022	\$ 1,894,830
2023	1,817,376
2024	1,863,571
2025	1,910,943
2026 and thereafter	<u>1,673,906</u>
	<u>\$ 9,160,626</u>

Note 10—Pension Plan

CentroNía has a defined-contribution plan under section 401(k) of the IRS (the "Plan"), under which all employees, including part-time employees working at least 20 hours per week are eligible to participate. For the years ended June 30, 2021 and 2020, CentroNía did not make contributions to the Plan.

CENTRONÍA, INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 11—Commitments

Government Grants and Contract Revenue – Certain federal and state-funded government grants are routinely audited by various governmental agencies. Such audits could result in claims against the resources of CentroNía. The reports on those examinations, which are conducted for CentroNía by auditors engaged pursuant to specific regulatory requirements, are required to be submitted to both CentroNía and the respective governmental agency.

These governmental agencies have the authority to determine liabilities, as well as to limit, suspend, or terminate CentroNía's participation in these programs. Management does not believe CentroNía will incur significant liabilities as a result of any such audits.

Note 12—Risks and uncertainties

On January 30, 2020, the World Health Organization declared the coronavirus "COVID-19" outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of COVID-19 include restrictions on travel, quarantines, or stay-at-home restrictions in certain areas and forced closures for certain types of public places and businesses. COVID-19 and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets globally, including the geographical areas in which CentroNía operates.

CentroNía's center-based services were suspended from March 12, 2020, through June 22, 2020. Cardozo site closure was from March 12, 2020 to June 7, 2021, due to its location inside a District of Columbia public school. During this period, staff provided remote educational and familial support services alongside robust community outreach and relief activities. Full-tuition parent fees were discounted or waived for families experiencing hardship, catering revenue fell due to client closures, and rental income from evening and weekend space use was lost.

Due to strict regulatory requirements governing adult-child ratios, space use, and daily routines, reopening required building an inventory of personal protective equipment and cleaning supplies; extensive staff training on new pandemic health and safety protocols; additional cleaning staff; new screening and changing stations, isolation areas; and modifications to existing classroom spaces. CentroNía also had to invest in improved connectivity and devices to allow for children and families to receive virtual services, and staff to work remotely, when they are unable to receive services or work onsite due to temporarily reduced occupancy limits or quarantine/isolation requirements. The reopening period was marked by low enrollment and a spike in the use of employee sick leave which necessitated the use of temporary staff to maintain coverage. Both District of Columbia and Maryland regulators lifted their in-classroom occupancy limits starting August 2021.

While it is unknown how long these conditions will last and what the complete financial impact will be, CentroNía is closely monitoring the impact of the COVID-19 pandemic on all aspects of the business/operations and are unable at this time to predict the continued impact that COVID-19 will have on their business, financial position, and operating results in future periods due to numerous uncertainties.

CENTRONÍA, INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

Note 12—Risks and uncertainties (continued)

On April 7, 2020, CentroNía entered into an unsecured promissory note under the Paycheck Protection Program (the “PPP”), with a principal amount of \$1,747,800. The PPP was established under the recently congressional approved Coronavirus Aid, Relief, and Economic Security Act (the “CARES” Act) and is administered by the U.S. Small Business Administration (the “SBA”). The term of the PPP loan is two years and matures on April 30, 2022. The interest rate on this loan is 1.0% per annum, which shall be deferred for the first six months of the term of the loan. After the initial six-month deferral period, the loan requires monthly payments of principal and interest until maturity with respect to any portion of the PPP loan which is not forgiven as described below. CentroNía is permitted to prepay or partially prepay the PPP loan at any time with no prepayment penalties. Under the terms of the CARES Act, PPP loan recipients can apply for, and be granted, forgiveness for all or a portion of loans granted under the PPP loan. Such forgiveness will be determined, subject to limitations and ongoing rulemaking by the SBA, based on the use of loan proceeds for payroll costs and mortgage interest, rent or utility costs, and the maintenance of employee and compensation levels. CentroNía applied for forgiveness with the SBA and on March 10, 2021, the SBA had forgiven the PPP loan in full, as well as the associated unpaid interest. As a result, the Company recognized \$1,763,530 as a gain on extinguishment of debt.

CentroNía utilized the Employee Retention Tax Credits (“ERTC”) as provided by the CARES Act using the basis of employer tax expenses for calendar year 2020 and 2021. For the year ended June 30, 2021, CentroNía received \$198,490 in ERTC, which is included within other non-operating income on the consolidated statement of activities.

Note 13—Subsequent events

In January 2022, CentroNía signed a noncancelable lease agreement for educational facilities that replaced their prior cancelable lease agreement. The term of the new lease agreement is from February 1, 2022 through January 31, 2026, in monthly installment amounts of \$26,250 with increases annually.

The following schedule summarizes the future minimum lease payments:

Years Ending June 30,

2022	\$	100,000
2023		308,750
2024		318,938
2025		328,506
2026		194,940
		<u>\$ 1,251,134</u>

On February 15, 2022, CentroNía received a Payment Demand Letter for a lump sum equivalent to the original value of the loan (\$1,900,000) to be completed before March 15, 2022. The lender waived all accrued interests and penalties. CentroNía continues to negotiate with the District of Columbia for the abatement of the DHCD loan, as it believes that the public interest of the use of these funds was achieved and that the loan should be converted to a forgivable grant or similar. In the alternative, CentroNía will seek a re-negotiated payment schedule as opposed to a lump sum payment. As of the date of the consolidated financial statements, CentroNía is still in negotiations regarding payment terms.

CentroNía has evaluated subsequent events through March 31, 2022, the date on which these consolidated financial statements were available to be issued.

CENTRONÍA, INC. AND SUBSIDIARY

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2021

Note 1—Basis of presentation

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal grant activity of CentroNía, Inc. and Subsidiary (collectively, “CentroNía”) under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”). Because the Schedule presents only a selected portion of the operations of CentroNía, it is not intended to and does not present the consolidated financial position, activities and changes in net assets, or cash flows of CentroNía.

Note 2—Summary of significant accounting policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Uniform Guidance requires that the Schedule reflect total expenditures for each federal financial assistance program as identified by the federal assistance listing number.

CentroNía elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3—Federal programs

The following is a description of the federal programs for the year ended June 30, 2021:

Child Care and Development Fund Cluster (federal assistance listing number 93.575)

The Child Care and Development Fund (“CCDF”) provides funds that are used to subsidize child care for low-income families where the parents are working or attending educational programs, as well as for activities to promote overall child care quality for all children. It is required that all Federal child care funds be spent in accordance with the provisions of the amended Child Care and Development Block Grant program. In order to receive funds, a plan must be submitted which is effective for a two-year period. CentroNía may operate the CCDF program under a consolidated United States Public Law. No.102-477 demonstration project, the purpose of which is to provide for the integration of employment, training, and related services to improve the effectiveness of those services.

Head Start (federal assistance listing number 93.600)

The objectives of the Head Start and Early Head Start (collectively, Head Start) programs are to promote school readiness by enhancing children’s cognitive social and emotional development. Head Start and Early Head Start together serve pregnant women and children (birth to 5) and their families, who are under the poverty line or are eligible for public assistance, including federally recognized Indian tribes, Alaska Natives, migrant and seasonal farm workers, homeless children or children in foster care, and children with disabilities. Comprehensive services are provided to enrolled children, pregnant women and their families, which include health, nutrition, social, and other services determined to be necessary by family needs assessments, in addition to education and cognitive development services. Services are designed to be responsive to each child and family’s ethnic, cultural, and linguistic heritage.

CENTRONÍA, INC. AND SUBSIDIARY

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONTINUED)

YEAR ENDED JUNE 30, 2021

Note 3—Federal programs (continued)

Child and Adult Care Food Program (federal assistance listing number 10.558)

Child and Adult Care Food Program assists states, through grants-in-aid and donated foods, to initiate and maintain non-profit food service programs for eligible children and adults in nonresidential day care settings.

Local Food Promotion Program (federal assistance listing number 10.175)

CentroNía seeks to increase the consumption of local produce by offering affordable catering services to early childhood education (“ECE”) centers in the District of Columbia, including the southeast quadrant. Local producers will have a steady stream of income, and ECE centers an affordable and reliable supply of meals with a local component. An outreach component also entails ServSafe Food Handler Training to community members to prepare early childhood educators and foodservice industry professionals to prevent food sanitation risks and meet regulatory requirements and food safety best practices.

Every Student Succeeds Act/Preschool Development Grants (federal assistance listing number 94.434), Early Childhood – Child Development Associate Continuation CRRSA Funding (federal assistance listing number 93.575) and Community Development Block Grants/Entitlement Grants (federal assistance listing number 14.218)

These are all part of the COVID funding provided by Congress under either the Coronavirus Aid, Relief, and Economic Security Act or the Coronavirus Response and Relief Supplementation Appropriation Act. These were one-time awards provided via government agencies to state agencies to distribute money to support local service providers for any needs created by the pandemic.

Note 4—Federal loan programs

The federal loan program with the DHCD is included in CentroNía’s consolidated financial statements. The loan commenced in 1999, and was for the sole purpose for financing hard construction costs relating to an office building located at 1420 Columbia Road, N.W. The federal government did not impose any continuing compliance requirements, and as such, as of the beginning of the audit period, July 1, 2020, is not included within the Schedule. CentroNía has drawn \$1,898,472 out of the \$1,900,000 that was available. Deferred interest accrued on the loan from the occupancy date of 2002 through June 30, 2021 and 2020, which amounts to \$1,139,082 and \$1,082,128, respectively, and has been included in the loan payable balance. Activity relating to the federal loan for the year ended June 30, 2021 was as follows:

June 30, 2020	\$ 2,980,600
Accrued interest	<u>56,954</u>
June 30, 2021	<u><u>\$ 3,037,554</u></u>

CentroNía, Inc. and Subsidiary
Washington, D.C.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to consolidated financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the consolidated financial statements of CentroNía, Inc. and Subsidiary (collectively “CentroNía”), which comprise the consolidated statement of financial position as of June 30, 2021, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated March 31, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statement, we considered CentroNía’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of CentroNía’s internal control. Accordingly, we do not express an opinion on the effectiveness of the CentroNía’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether CentroNía’s consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of CentroNía's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering CentroNía's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report of Independent Auditor on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Directors
CentroNía, Inc. and Subsidiary
Washington, D.C.

Report on Compliance for Each Major Program

We have audited CentroNía, Inc. and Subsidiary's (collectively, "CentroNía") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of CentroNía's major federal programs for the year ended June 30, 2021. CentroNía's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its Federal Awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for CentroNía's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about CentroNía's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of CentroNía's compliance with those requirements.

Opinion on the Major Federal Program

In our opinion, CentroNía complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of CentroNía is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered CentroNía's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of CentroNía's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
